

# Harry Geddes

Harry is a retired insurance broker who has been in business in Chilliwack since 1975. He has been involved in the community in many aspects such as the Chilliwack Rotary Club, the Downtown BIA, CEPCO as well as a past Director and Chair of the Chilliwack Foundation. His involvement with Chilliwack Hospital Foundation was inspired by the Foundation's drive to raise \$5 million to augment a large renovation on the Emergency Department of the Chilliwack General Hospital by the Fraser Valley Regional District. Harry takes pride in being able to contribute to the enthusiasm of the other Directors and see how generous the citizens of Chilliwack are. He believes due to Chilliwack's continuous growth, it is vital to have a hospital foundation that can respond quickly to keep equipment and facilities up to date as well as present Chilliwack General Hospital as attractive to potential staff.
