

Bio of Casey Langbroek, FCPA FCGA

Casey Langbroek is privileged to have fifty-three years' experience in the accounting profession, building, growing, and nurturing the accounting firm he is Senior Partner of, LLT LLP.

A proven leader in his community, Casey served sixteen years on Chilliwack City Council and the Fraser Valley Regional District, twenty-one years in local and regional Hospital Governance, and twenty-nine years leading the national charity BFM Foundation (Canada). He has held numerous positions with other community, provincial and federal boards, and committees.

These experiences have impressed upon him that for a community to be truly a community it requires basic services. Schools, recreation, arts, youth facilities and care facilities and, as importantly, a vibrant and well-equipped Hospital that can care for all age groups and the diversity of people that make up a community.

Hence, his service and dedication to the Chilliwack Hospital Foundation since its inception in 2010. Push and keep pushing for quality of care, patient care and Hospital Care in Chilliwack for residents of Chilliwack.
